## EDUCATION

### FOOCODING

#### Fullstack development

Coursework: Skilled in HTML, CSS, JavaScript, Git/GitHub, SQL, Node.js, React, database management, command line, and debugging, with comprehensive coursework expertise.

Malmö, Sweden

Nov 2023-June 2024

### COLLEGE

Pursued a Pre-Engineering program with a concentration in Mathematics, Chemistry, and Physics.

Jhelum, Pakistan

Aug 2015 - Sep 2018

## PROJECTS

### BINGEY (Movie App). (REACT/TYPESCRIPT)

Malmö, Sweden

Final Project

April 2024 – May 2024

- Developed a dynamic movie recommendation app using React and TypeScript, featuring a unique mood-based search functionality that helps users discover movies tailored to their current emotional state.
- Integrated with third-party APIs to fetch real-time movie data and user reviews, enhancing the app's recommendation accuracy and user experience.

### YOUTUBE CLONE (HTML/CSS)

Malmö, Sweden

Hobby Project

Oct 2023 – Dec 2023

- Developed a responsive YouTube clone using HTML5 and CSS3, ensuring cross-device compatibility with modern design principles. Utilized Visual Studio Code for efficient coding, debugging, and project collaboration.
- Optimized performance and load times using efficient coding practices and tools, resulting in a smooth and fast user interface across various devices and browsers.

### WEATHER APP (HTML/CSS/JAVASCRIPT)

Malmö, Sweden

Hobby Project

March 2024-March 2024

- Developed a weather app using JavaScript, HTML, and CSS, allowing users to search and view weather updates for various cities. Implemented a responsive design to ensure optimal user experience across all devices.
- Integrated with a weather API to provide real-time data on temperature, humidity, and weather conditions, enhancing the app's functionality and user engagement.

## WORK EXPERIENCE

### SALIMEEN (UX/UI Designer)

March 2023-Feb 2024

- Redesigned a mental healthcare app for migrants to improve user interactivity, boosting engagement and conversions. Created a new logo and brand identity for a startup, emphasizing strong UX/UI principles.

### MACC VACCINATION CENTER (Receptionist)

Aug 2022- Jan 2024

- Coordinated office operations, and managed administrative tasks.
- Facilitated effective communication between departments.

### MCDONALDS (Shift-Leader)

June 2021- May 2024

- Team Lead at McDonald's, supervised a team to ensure efficient operations, upheld high customer service standards, and managed inventory and scheduling to optimize workflow and performance.

## ACTIVITIES

### Röda korset (Volunteer)

Malmö, Sweden

- Assisted in organizing events, provided support for community programs, and helped distribute essential supplies to those in need.
